## INTRO

So you want to sell eBooks??

Selling eBooks is Pretty Straight Forward, simple and easy and can make you lots of Money.

For '[Tips on Selling eBooks](#)' go to site and read the tips.

There are many different ways and options on selling eBooks.

1. Sell on Social Media

2. Sell on Nooks and Kindles

3. Make your own website and create a page for each eBook

4. Sell eBooks with [Ads inside the eBooks](#).

5. Upload to [LuLu](#) or [Tradebit](#) and get peoples help to sell your eBook and they get a cut you set.

But the first step is to make sure you sell your eBooks or Someone else's with [Licensed Rights](#). Just to be sure you are not walking over any one elses foot. But also be sure that the ebook is [PLR](#).

But lets start with the Simple Things to get started.

Get a Free [Payhip](#) Account.

You don't pay anything Until you make a Sale and then they take away 5% from the Transaction. Trust Me, Its worth it. Its a Very Simple easy to work with Platform. You can put as many eBooks as well as other formats on there.

Next, find some eBooks, you can buy Mass Quantities of over [1200 eBooks](#), or you can ask me, I can give you a couple just to get started.

Then Market it on Social Media Networks, Or Upload on websites like Lulu that sells them on Amazon Kindle or Nooks. Can also use Tradebit.

If you create your Own website, get something like [Weebly](#), [LunarPage](#), or even a [FreeHosting](#) Which are very easy to work with.

Then just Upload the Pre-Made Templates with your Payhip Link.

That's It

Then wait for the Money to Roll in.

## Getting Started

Be sure you have a PayPal Account.  
Sign up with the [Payhip](#)

Start Downloading the Zip Files. You're just going to upload them right into your Payhip Account.  
Log into your Payhip account and be sure to fill out everything.  
In Dashboard, Look for "+Add new product" Button. Click on that and Follow the Directions.

You will get a Payhip shortcut/link. Start marketing that.

Be sure you Know your Products. Unzip it onto your desktop so you have an idea of what you are selling and know what Price to put on it. Some are Softwares and Some have Videos people can Upload to their Youtube and Monetize it.
